It's Always Summer- time on the TEXAS GULF COAST

When it gets unpleasantly cold here, when you get tired
of staying indoors most of the time, and having your ears
frost-nipped when you do go out—then just remember that
people are living out of doors, on the Gulf Coast. They are
fishing, and duck hunting, and playing golf, with a warm,
semi tropical sun shining overhead and the soft breeze of the
southern seas fanning their faces.

I will be glad to tell you about our superb train service
to Houston, Galveston, Corpus Christi and Brownsville. Let
me figure out your trip and make sleeping car reservations
for you.

The Postal Life Insurance Company
pays you the Commissions that
other Companies pay their agents

ON entrance into the Company you get the agent's
average first-year commission, less the moderate ad-
vertising charge. Other companies give this commis-
sion money to an agent; the POSTAL gives it to you.
That's for the first-year in subsequent years
POSTAL policyholders receive the *Rentals* Com-
missions other companies pay their agents, namely
7 1/2%, and they also receive an *Office-Expense* Sav-
ing of 2%, making a total

Annual Dividend of **9 1/2%** Guaranteed in the Policy

And after the first-year the POSTAL pays con-
tinuing dividends *bonder*—depending on earnings as
in the case of other companies.
Such is the POSTAL way; it is open to you. Call
at the Company's offices, if convenient, or write now
and find out the exact sum it will pay you at year-
—the first year and every after.
